

Learning Journey for the Year

Dear teachers, the table below summarises the learning journey you will cover with your students this year.

Detailed Syllabus for the Year

The roadmap given below lists the units covered in each term. Term 2 units will be visible on the tab after the completion of the MOY assessment.

TERM 1

1

UNIT 1 – NUMBERS ONE TO FIFTY

- Count, read, and write numbers 1-50
- Identify the place value of digits in a number
- Compare and order numbers

2

UNIT 2 – ADDITION UP TO 50

- Addition on the number line
- Addition facts up to 10
- 2-digit addition without regrouping

4

UNIT 4 – FIGURES AND PATTERNS

- Identify and draw different types of lines
- Identify and name flat and solid shapes
- Identify and draw simple repeated patterns

3

UNIT 3 – SUBTRACTION UP TO 50

- Subtraction on the number line
- Subtraction using addition facts
- 2-digit subtraction without regrouping

TERM 2

5

UNIT 5 – NUMBERS 51 TO 99 AND NUMBER OPERATIONS

- Numbers 51–100 with place values
- Addition and subtraction of 2-digit numbers
- Introduction to multiplication

6

UNIT 6 – MONEY, TIME, AND FRACTIONS

- Identify currency and its use in real life
- Read time to the hour on an analogue clock
- Identify whole, half, and quarter

7

UNIT 7 – MEASUREMENT & DATA HANDLING

- Measure using non-standard units
- Collect data
- Represent data using pictographs

The important skills that students will develop this year are as follows:

THINKING SKILLS

- Solving real-world problems
- Creating new ideas
- Being curious
- Reflecting on their learning
- Learning from mistakes

COMMUNICATION SKILLS

- Communicating effectively
- Presenting ideas
- Using information
- Using different media

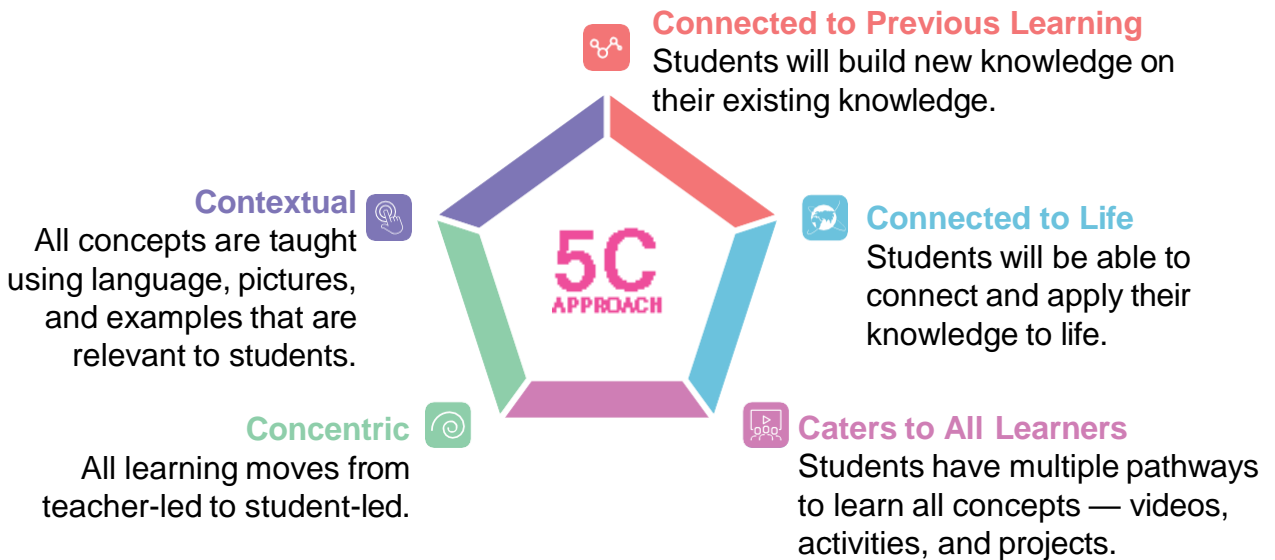

COLLABORATION SKILLS

- Working with others
- Appreciating others' ideas
- Resolving conflicts
- Connecting to their community
- Connecting to the nation

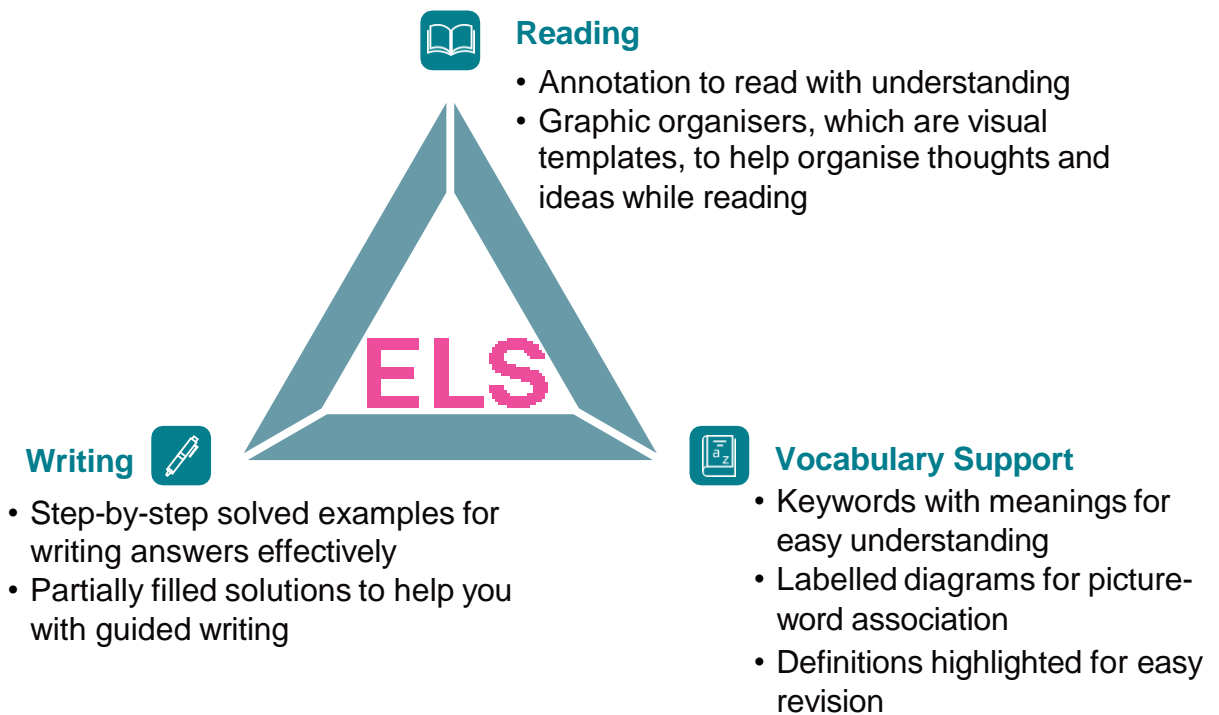

The LEAD Method

The infographics below show the LEAD Method that you will be following with your students.

1. 5Cs Approach: Every concept is taught through the 5Cs approach.

2. ELS: English Language Strategies

The LEAD Method

3. CPA: The Concrete-Pictorial-Abstract method helps students understand Math meaningfully.

Concrete

Students use physical objects to model and solve Math problems.

Pictorial

Students use drawings of physical objects to model and solve Math problems.

Abstract

$$5 + 3 = 8$$

Students use symbols to represent drawings and to solve Math problems.

Concrete

Pictorial

Abstract

$$200 + 40 + 3 = 243$$

Concrete

Pictorial

Abstract

$$\frac{1}{2} + \frac{1}{4} = \frac{3}{4}$$

Important Icons

Icons and Features of the Books

Let's Think

Provides opportunities for building thinking skills

Let's Discuss

Provides opportunities for building communication skills

Let's Work Together

Provides opportunities for building collaboration skills

Reflection Corner

Helps students think deeply about their learning and improve for the future

Activity Corner

Helps students understand concepts and apply their learning

Keywords

Provides meanings of difficult words as they read

Scan me

to watch a video.

Students can access important resources at home by scanning these codes using the LEAD Student App.

Quick Math

Provides an easy approach with calculation tips and tricks to solve problems

Icons and Features in the Lesson Plans

Think

Ensure that you use the routines and structures as mentioned in the plans to achieve excellence in each unit.

Observe

Resources called LCRs will help you understand these in detail. The LCR for each routine or structure will be mentioned under 'Preparation Needed' the first few times that routine is used.

Solve

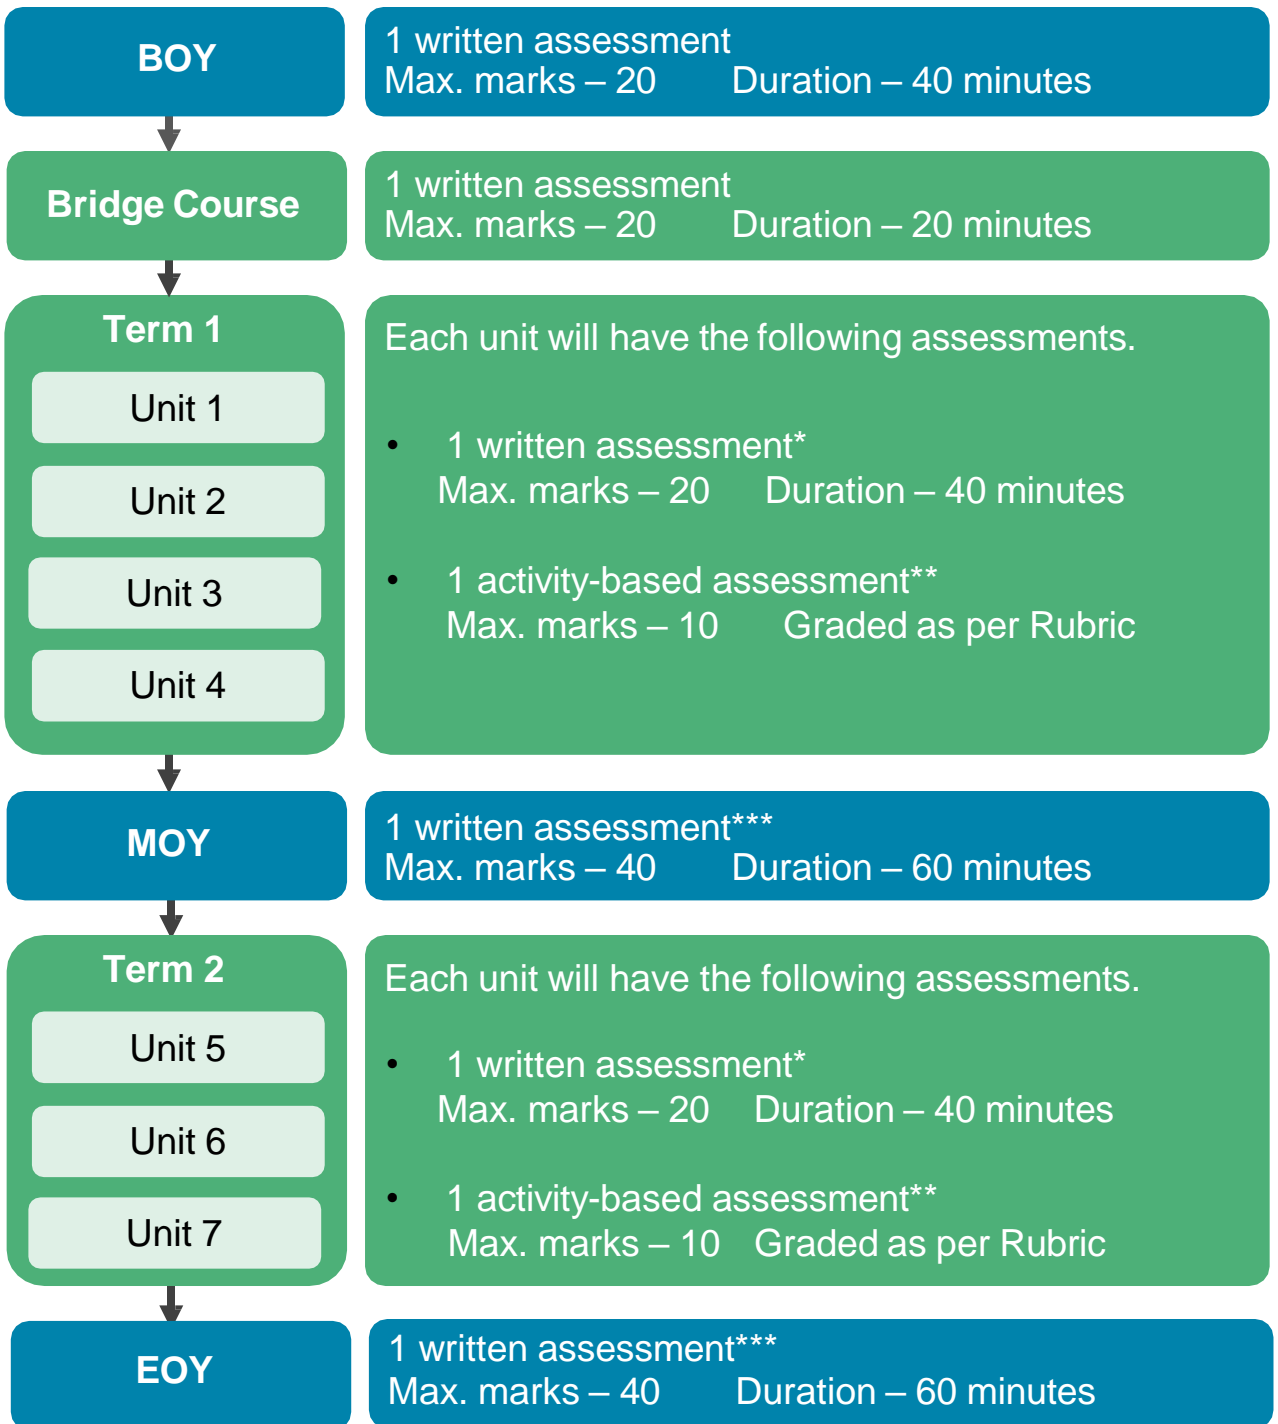

Turn and Talk

Think-Write-Pair-Share

Assessment Structure for the Year

The objective of assessments is to check if all students have understood the concept and can apply their learning. Based on assessment data, it is very important to do strong remedials using LEAD remedial recommendation before progressing forward. LEAD prescribes the following assessments:

* This includes an oral assessment for 5 marks.

**This is aligned with NEP 2020's recommendations to include activity-based assessments in primary grades.

***This includes an oral assessment for 10 marks.

Assessment Framework

Unit Assessments

The written unit assessments have the following structure.

Types of Question	Marks	Number of Questions	Total Marks
Select type questions	1	3	3
Fill in the blanks	1	2	2
Match the following	2	1	2
Short answer questions	2	4	8
Oral questions – Short	1	3	3
Oral questions – Long	2	1	2
		14 questions	20 marks

MOY & EOY Assessments

MOY and EOY assessments will have the following structure.

Types of Question	Marks	Number of Questions	Total Marks
Select type questions	1	6	6
Fill in the blanks	1	4	4
Match the following	2	1	2
Short answer questions	2	9	18
Oral questions – Short	1	6	6
Oral questions – Long	2	2	4
		28 questions	40 marks

Assessment Framework

Spiralling in Assessments

- In the MOY assessment – 100% of the questions will be from Term 1 Units.
- In the EOY assessment – 85% of the questions will be from Term 2 Units, and 15% will be from Term 1 Units.
- In Unit Assessments – The Unit 1 assessment has no spiralling. In the Unit 2 assessment, 90% of the questions will be from the unit and 10% will be from previous unit. In every subsequent unit assessment, 85% of the questions will be from the unit and 15% will be from the previous two units. This is to help students practise concepts and be better prepared for the MOY and EOY assessments.

Difficulty Level of Questions

The difficulty levels of the questions in the assessments are based on board guidelines. All questions are categorised as per the table below:

	LOTS (Lower Order Thinking Skills)	MOTS (Middle Order Thinking Skills)	HOTS (Higher Order Thinking Skills)
Definition	Questions based on recalling knowledge	Questions based on applying skills in familiar scenarios	Questions based on applying skills in unfamiliar scenarios, analysing situations, and building on top of what was taught in class
Bloom's Level	Remember	Understand Application (simple)	Application (complex) Evaluate Analyse Create

In line with board guidelines, LEAD assessments follow the structure explained below:

Unit 1 - 60% LOTS : 30% MOTS : 10% HOTS

Unit 2 - 50% LOTS : 40% MOTS : 10% HOTS

Unit 3 - 40% LOTS : 50% MOTS : 10% HOTS

Unit 4 - 30% LOTS : 50% MOTS : 20% HOTS

MOY - 30% LOTS : 50% MOTS : 20% HOTS

Units 5, 6, and 7 - 30% LOTS : 50% MOTS : 20% HOTS

EOY - 30% LOTS : 50% MOTS : 20% HOTS

We slowly increase the level of difficulty for students in Term 1.

Materials Required

You will need the following materials for the various activities that will be conducted in Term 1.

To Be Taken from the School Kit	To Be Bought Locally
<p>Unit 1: Numbers One to Fifty</p> <ul style="list-style-type: none"> Digit cards Number cards Counters Place value kit Popsicle sticks 	<p>Unit 1: Numbers One to Fifty</p> <ul style="list-style-type: none"> Post-it notes – 1 pack A4 sheets
<p>Unit 2: Addition Up To 50</p> <ul style="list-style-type: none"> Digit cards Place value kit Counters Place value chart 1 Addition chart 	<p>Unit 2: Addition Up To 50</p> <ul style="list-style-type: none"> A4 sheets
<p>Unit 3: Subtraction Up To 50</p> <ul style="list-style-type: none"> Place value kit Subtraction chart Digit cards Unifix blocks Counters 	<p>Unit 3: Subtraction Up To 50</p> <ul style="list-style-type: none"> Chart papers Ice-cream sticks Sketch pens A4 sheets
<p>Unit 4: Figures and Patterns</p> <ul style="list-style-type: none"> Position words chart Unifix blocks Pattern blocks Place value kit Dice 	<p>Unit 4: Figures and Patterns</p> <ul style="list-style-type: none"> Plastic knife - 1 Clay – 1 set per group Birthday caps – 1 per group

The list of materials required for Term 2 will be uploaded after the completion of Term 1.
